

Fonts 1

These are a few of our more popular fonts. If you have seen a font, ask if we have it or maybe can get it. We can use most fonts that are in the computer if you have a font give us the name and we'll see if we can find it or get it <if it was part of a font pack we may not be able to get it, but we'll try. Looking for something different? Check out www.dafont.com for some other ideas. If you find something there, give us the font name <and section it's in would be great, but at least the name!> Just email us and ask kfadecals@gmail.com
